NATIONAL BENCHMARKING TEST

**TCY-NBT** is an online, standardized test for the students of classes VI to X to assess their raw intelligence and their inherent ability to reason out an answer. It aims to help them come out of the rut of rote learning and face the tough competitions and the tougher test of life.

## Why **TCY-NBT**?

An exhaustive Competence Analysis Test for Classes VI to X that:

- ▶ Identifies weak areas and suggests remedial measures.
- ▶ Helps assess competitive standing vis-à-vis others in the nation/region/state.
- ▶ Provides reliable and actionable information about additional inputs required to make the school more competitive.
- ▶ Helps maintain competitive environment in the school.

## **TCY-NBT** Team

**TCY-NBT** is designed by Department of Education Measurement & Research (DEMR) of Top Careers and You (TCY). TCY-NBT team boasts of doctoral-level researchers, writers, mathematicians, editors, and psychologists, many of whom had been associated earlier with renowned organizations and commanded respectable designations.

Other initiatives by DEMR:

- ▶ First to introduce Comprehensive Online CCE program for CBSE Schools.
- ▶ Manages the largest portal for teachers and students for content development, delivery and academic interaction.
- ▶ Imparts online education to students of 40+ exam categories across all disciplines.

# Principals Opine on TCY-NBT

Mr. Dais Ke Mathew,  
Principal  
CEMC School,  
Cherpalcheri, Kerala

The comprehensive and informative student-report highlights their latent talents and strength areas and helps the school authorities to take remedial measures to enhance the students' weak areas.

Mrs. Sadhana Saxena  
Coordinator NBT  
Subodh Public School,  
Jaipur, Rajasthan

NBT is a good opportunity for school students to learn and enjoy at the same time. The NBT online-test series helps the students in benchmarking their true potential and choosing the right career. NBT is student friendly. The students can take a number of online tests and with each attempt they can improve, and finally become top competitors. Students of classes VI to X can avail of the benefits of NBT.

Mr. S.J. Gawai  
Principal  
JNV, Daman

This test is very helpful to the slow learners also. The test also creates awareness about advanced learning methodologies.

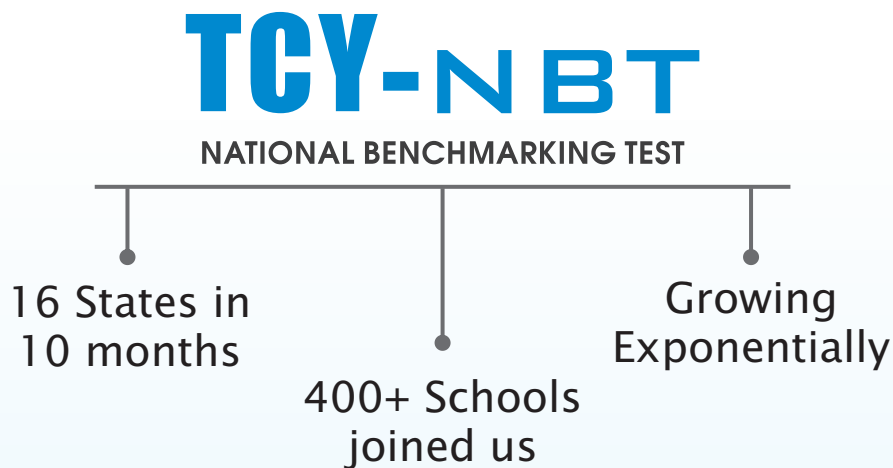

Mrs. Saroja Baby  
Principal  
Nalanda Matriculation  
Thanjavur, Tamil Nadu

Initially our students were apprehensive about taking the NBT. They thought they would have to study and prepare for it. When once they understood the concept, they became very enthusiastic. NBT has helped them identify their strengths and weaknesses. Now they also know which areas they need to work upon the most.

#### State-wise Coverage - Private Schools

School programs of TCYonline.com are powered and managed by **STEPS** - a comprehensive program for **school going children** started in 2001. STEPS is the brainchild of a bunch of dedicated people, who had the vision and the zeal to radically alter the way education was imparted and for whom school education was foundation building. The guiding philosophy is to develop a learning solution that will help students learn, score and enjoy the entire process.

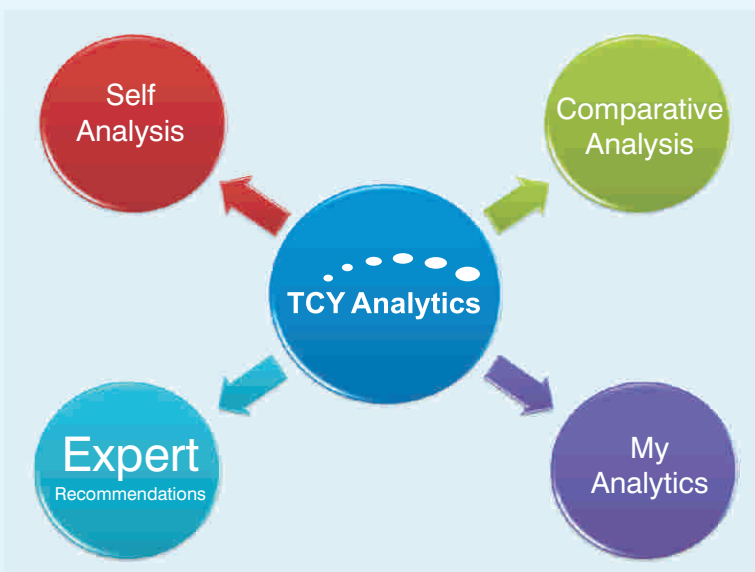

Reports of all the tests are powered by **TCY Analytics**

**TCY Analytics**

TCY Analytics is a highly sophisticated benchmarking tool that not only tracks the performance of a test aspirant, but also follows a logical approach to mentor him for improvement with each test that he takes.

It provides a 4-dimensional analysis to provide a scientific vision of the students' preparation for a test.

Reports powered by TCY Analytics:

- ▶ Identify the students' areas of strength and improvement.
- ▶ Get expert recommendations on areas in need of improvement.
- ▶ Compare the student performance with that of toppers and friends.
